

## **Declaration of RoHS Compliance**

Part Number:

**S6-061A0P (S-6V0-1A0-P30)**

---

### RoHS Compliance Statement

We declare that the above-mentioned product complies with The European RoHS2 Directive 2011/65/EU (Restriction of the Use of Certain Hazardous Substances In Electrical and Electronic Equipment) dated 8<sup>th</sup> June 2011 and does not contain any of the following banned substances in quantities exceeding maximum concentration values:

- Lead (Pb)  $\leq$  1000ppm (0.1% by weight)
- Cadmium (Cd)  $\leq$  100ppm (0.01 % by weight)
- Mercury (Hg)  $\leq$  1000ppm (0.1% by weight)
- Hexavalent Chromium  $\leq$  1000ppm (0.1% by weight)
- Polybrominated Biphenyls (PBB)  $\leq$  1000ppm (0.1% by weight)
- Polybrominated Diphenyl Ethers (PBDE) – including decaBDE  $\leq$  1000ppm (0.1% by weight)

The impurity threshold limit used to verify compliance is based on percent weight and PPM (parts per million) of regulated material per homogeneous/ individual material.” Homogeneous material means a unit that cannot be mechanically disjointed in single materials. The term “homogeneous” is understood as “of uniform composition throughout”. Examples of “homogeneous materials” are individual types of: plastics, ceramics, glass, metals alloys, paper, board, resins, and coatings.
